Summary of bill and impact on Washington:

Chapter 69.50 RCW classifies psilocybin as a Schedule I controlled substance and as such, illegal for any person to manufacture, deliver, or possess with intent to manufacture or deliver.

This bill will add a new section to chapter 69.50 RCW making it not illegal for a nonprofit organization to receive or deliver psilocybin mushrooms, or for a participant to possess or consume psilocybin, in accordance with requirements in this section.

These requirements include that the nonprofit must:

- Have an explicit goal of promoting wellness for and assisting military veterans or first responders.
- Develop a screening process provided by a licensed medical or mental health provider for appropriate assessment of a participant to safely receive psilocybin services.
- Ensure participant information is kept private and confidential to the greatest extent possible.

Companion bill: HB 2281

ICSEW Legislative and Policy Subcommittee is providing the following Bill Alert as a service to inform state employees of bills that may impact them. ICSEW asks that employees remember to share their opinion in an ethical way, on their own time, & using their own phone, computer, or device.

As state employees, we cannot use state time or resources to lobby for or against legislative proposals (RCW [42.52.160](#) and [42.52.180](#)). On your own time and using your own resources, let your voice be heard by:

Contacting your legislator directly by phone at the legislative hotline: 1-800-562-6000.

Finding their contact information: <http://app.leg.wa.gov/DistrictFinder/>

Commenting on a bill online. You can find out how: <https://app.leg.wa.gov/pbc/>
